CCC Boys Halt Forest Fire in Short Battle

One hundred and ninety-two men, not counting foremen and others in a supervisory capacity, on July 3 and the morning of July 4th, made short work of two fires starting almost at the same time. One fire was started by a woodchopper blasting wood near the Empress mine. This was reported by the lookout to the National Forest Service headquarters in Nevada City at 12:30 o'clock Wednesday afternoon. The other started on the south slope of the South Yuba near Jone's Bar, from unknown causes, was reported just a half hour later.

Both of these fires were within the jurisdiction of the State camp, just outside of Nevada City, but owing to the fact that State Fire Warden Bill Sharp, had all his men engaged in fighting the Smartsville-Spenceville conflagration, Supervisor R. L. P. Bigelow of the National Forest Service, agreed to take over the fire, only stipulating that his men be given full charge.

The Empress fire and the Jones Bar fire were presently merged. An area of 3,000 acres was burned over. But in the short space of 12 hours the CCC boys had completely surrounded the burning area and early Wednesday morning were engaged in mopping up every last remnant of a blaze that for a time threatened to break away and rage through all the country north of this city and along Deer Creek.

Mr. Bigelow states that it was one of the quickest action fires he has ever witnessed. The work of the CCC boys was accomplished with precision and dispatch. The fire was quickly confined with dead trails and the work of mopping up completed before July 4th. Foremen of the CCC boys give them the highest praise for their fast determined battle with the flames.

The office of State Fire Warden William F. Sharp, yesterday reported the brush and grass fire which originated in the Spenceville section has been brought under control after burning close to 40,000 acres in Yuba and western Nevada counties.

The blaze, considered to have been the worst fire in this section, destroyed several homes in the Pleasant Valley section, 200 flume boxes of the Nevada Irrigation District in the Mooney Flat section, and threatened the surface structures of the Empress mine in the Newton district.

E. D. and D. E. Woodruff, brothers who are working the Mitchell Ranch mine, had a very close call for the lives of themselves, their women folk and children. Their mine shaft is located on a point near the old ranch house. When the forest fire swept toward their buildings Wednesday afternoon, they hurried and cleared fire trails around the buildings but despite all they could do, it approached within three feet of their tool house near the shaft. Mrs. Woodruff and two of the children were carried down the shaft ladder. Water hauled out in buckets and used to wet gunny sacks to battle the flames with. When the fire fighting was done and the buildings saved, D. E. Woodruff fainted away. His brother had difficulty in bringing him back to consciousness.

BLAZE WINS WIDESPREAD

The conflagration burned in four separate sections, devasting grazing and grain land in the Smartville, Spenceville, Penn Valley, Indian Springs, Bridgeport and Jones Bar sections. A high wind carried the flames across roads and canals and streams.

Crews from the Nevada Irrigation District, the Pacific Gas and Electric Company workers, and the state crews were pressed into service.

The blaze in the Jones Bar section, which jumped the South Yuba River and stopped traffic on the Columbia-Downieville route, is reported under control.

HONEST MAN FOUND WITHOUT AID OF MR. DIOGENES' LANTERN

Christian Andersen of Nevada City and Karl Kopp went to Bear Valley Tuesday evening to the Linderman store to cash some Teichert (highway contractors) pay checks, Andersen cashed a number and in so doing cashed one for A. Gomez and inadvertently gave Mr. Gomez a $100 bill instead of a $10.00 bill. The error was discovered an hour or so after the transaction Andersen was out $90.00 cold cash, Fourth of July morning Gomez came as usual to Linderman's for his breakfast and when he went to pay his bill he found the $100 bill, saw the error, and promptly returned the overage, and was happy to do so. Andersen feels that even without a diogenes lantern one can find honest men.

FLAMES RENEWED IN NEWTON DISTRICT

LIGHTED CRACKER STARTS BAD FIRE

A fire flared up about noon July Fourth at the southern city limits when a child threw a lighted firecracker from a passing auto into dry grass at the roadside. A motorist behind the other car stopped and had his son investigate. At that instance it burst into flames and was beyond their control. He turned back and spread the alarm.

The Nevada City fire department and forest service fire fighting forces responded at once. Several hundred of feet of hose was laid and the fire which had spread rapidly by a brisk wind was soon put out. For a time the beautiful new home of Ed. C. Jacobs, of the Empress mine was threatened. The store house back of Mrs. Pianezzi's home was burned and contents of mower, wagon, tools and other articles destroyed. The fire burned trees and dry grass back of several homes among them being Judge Raglan Tuttle, Ed. C. Jacobs, Mrs. Pianezzi and out to the rifle range.

Tuesday a fire alarm was turned in from the eastern part of Nevada City. The flames spread rapidly in dry grass back of the home of Mrs. Jenny Preston's home, and the Nevada County Lumber Company. The Nevada City fire department responded at once and after laying several hundred feet of hose quickly extinguished it.

EARLY MORNING PEACE DISTURBER IS FINED

Homer Schofield was arrested on Monday by Chief of Police W. G. Robson on a charge of disturbing the peace. He was brought before Judge M. D. Coughlin on a complaint signed by William P. Jones, night policeman. Schofield entered the Nevada City Grill at about 3 o'clock Sunday morning and used profane and indecent language. He pleaded guilty. The judge sentenced him to a fine of fifty dollars or 25 days in jail. The defendent asked that he be given until next pay day to pay the fine and was ordered to pay thirty-five dollars at once and the balance by July 20. If the fine is not fully paid by that date, he will be required to serve the jail sentence.

FINDS SULPHIDES IN SOAPSTONE LEDGE

Edd Addington on July Fourth made a discover unique in mining annuls. While panning along a stream to find some colors as a souvenir for a visiting friend, he panned some sulphides in what seemed to be in a soapstone formation. He traced these sulphies for hundred feet and finally found the ledge from which they came. It proved to be soapstone ledge about 18 inches wide shot through withsulphides in tiny cube form. Grinding up the soapstone and panning, Addington was able to get several colors. An assay made today by Don Carlos Billick shows a trace of gold. Addington states that he will dig on the ledge, away from the surface leaching, and have another test made of the ore.

BUCKET BRIGADE OF GIRLS AT LAKE VERA PUTS OUT GRASS FIRE

"Fire! Fire!" cried a red faced, small brother bursting into the Piedmont Girls Camp yesterday morning at Lake Vera. And sure enough there was a grass fire started within a few hundred yards of camp.

There were fifty girls in camp, some in shorts, some in bathing suits-and did those girls spring into disciplined action. A bucket brigade flashed into being under the direction of camp guardians and from hand to hand buckets of water swung from the camp spring to the scene of the fire. The fire burned off an acre or two of tall dry grass before the girls had them wet down. By the time Bill Sharp arrived with his cohorts, there was nothing much left but the smudged landscape and the firey flushed faces of the Camp Fire girls.

"Good Work" commmented Bill Sharp.

EARLY MORNING ALARM PROVES TO BE RATTLER

CAMPTONVILLE, July 5.—Frank Burris, a resident of the Mill Creek section, had the thrill and surprise of an early morning visitor a few days ago, when at three o'clock he discovered a large rattlesnak in his bedroom. The reptile came through an outside door left open for ventilation, and coming in contact with the dog began to hiss and rattle, which noise awoke Frank, who found it a rather particular job to locate and eradicate the snake in the darkness. A second rattler, probably the mate to this one, was killed the following day in his chicken house after it had killed seven baby chicks.

TITLE TO LAND CLEARED; TITLE TO PIPE DENIED

Judge Raglan Tuttle Saturday rendered a decision in the cass of Harry Ramsden vs. Lindley C. Morton et al., and Lindley C. Morton vs. A. M. Hoge et al., recently tried together as one action in the Superior Court, the issues in both cases bing based on the same evidence.

In the action of Ramsden vs. Morton, plaintiff sought to quiet title to land situated near North San Juan.

In the case of Lindley C. Morton vs. A. M. Hoge, George Uhrig and Nellie Uhrig, the plaintiff sought to recover possession of certain water pipe which it was alleged had been sold by the defendants to the plaintiffs; or in the case delivery of the pipe, could not b had, then damages in the sum of $1542 were asked.

Judge Tuttle in his decision, after reviewing the evidence adduced, that the easement for the pipe line claimed by Morton over the land of plaintiff had been lost by lack of use.

In the second action in which Morton sought to recover the pipe or the value thereof, the court held that the evidence showed that the pipe line was not in place when Ramsden purchased the property and had not been used for years. The court held that Morton was not the owner of the pipe and therfore could not recover.

The court ordered that a decree quieting the plaintiff's title to the land in the first action be made, and that in the second action Morton's claim to the pipe was denied.

Six Thousand View Celebration of Fourth

BY HARLEY LEETE JR.

With verve and vigor, Nevada City and Grass Valley jointly celebrated the Fourth of July. The first and greatest feature of the parade was one glorious splurge of color and music. There were bands, Indians, horsemen, soldiers, hunters, sailors and a Goddess of Liberty.

There were, it is estimated, 6000 spectators in Nevada City streets. As if this were not enough there were many very beautiful floats, each representing some business firm or organization.

Some of the gay segments of the parade were in approximate order; Carl Tobiassn, Grand Marshall, who was mounted and be-ribboned and wore a large black sombrero. This hat and white plume, according to Phil Scadden, who first wore it, has graced 35 Fourth of July parades.

The American Legion Colors squad, Mr. Sitton, Civil War Veteran 86, driven by Mr. Henry Browning. The Grass Valley Concert Band attired in white shirts and blue pants. Miss Eleanor Schreiber, as the Goddess of Liberty. The Pocahontans, decked out in feathers, war paint and other "Injun" regalia. A beautiful float of the Nevada County Lumber Company, representing two swans drawing a beautiful barge, bearing Miss Gertrude Sawyer and Miss Jean Marsh. Then, the Sierra Rifles on horses. The Plaza Grocery float drawn downhill by Misses Margaret Tennant and Flossie Angove and pushed uphill by young McCraney. A Drill Team of the Sacramento Elks, with red coats and blue pants, and drawn swords. The Women of Woodcraft. The members of the Nevada City Council, in a sedan.

The Veterans of Foreign Wars led the second division, marching six abreast. Then came the Grass Valley high school band grandly attired in gold lined red capes. After that the Grass Valley Rotary Clubs float, with a huge gilded cog surrounded by children in foreign costumes After these marched the Grass Valley Native Daughters attired in uniform yellow dresses with blue trimmings.

Directly after them came the Grass Valley Ladies Auxiliary of the American Legion in white dresses with blue and gold capes. Next came the Miner's Protective float, on which stood half a dozen miners, in mine clothes and gas masks. The Grass Valley Red Cross followed directly behind. Then came the Grass Valley Rod and Gun Club, preceded by Boy Scouts.

A beautiful float from the Grass Valley Floral Shop, followed this, featuring vari-colored gladiolas. The P. G & E. also featured gladiolas in their float. They were large red, white and blue flowers.

The Grass Valley Laundry and Kopp's Bakery each had a series of trucks in the parade. The Grass Valley Lions Club had a patriotic float. After the Lions Club float marched the Grass Valley firemen, wearing blue caps and trousers and bright red shirts. They were led by a tiny lad with a silk shirt of an even brighter red.

Then came the Nevada City high band, splendid with their royal purple capes with bright yellow linings. Another notable float was that of the Grass Valley Sportsmen's Club. It had a cage with two tiny fawns in a sylvan setting.

One of the loveliest floats was the Ship of State, sponsored by the Nevada City Chamber of Commerce, and built and equipped with its costumed youngsters by Mrs. Robert Grant, Mrs. Lyda Talbot, W. H. Grifth and E. J. Fitzgerald.

The little boys and girls representing the forty-eight states who rode on this float were:

June Laird, Utah.
Alice Phillips, Texas.
June Dawson, Rhode Island.
Marjorie Cook, New Mexico.
Blanche Wilson, Alabama.
Lillian Wilson, New York.
Betty Ashton, Mass.
Sylvia Ronning, Minn.
Lillie May Lopez, Vermont.

Bonnie Flindt, Virginia.
Bernice Edwards, Wisconsin.
Marjorie Shaghnessey, Conn.
Victoria Soga, West Virginia.
Violet Soga, Kentucky.
Virginia Bonebreak, Florida.
Marjorie Bonivert, Nebraska.

The Oneida Camp Fire girls were a charming feature, followed by a float representing t he near completed wimming pool. The Sacramento Turn Verein, The fireman of Nevada City and a float of six accordions led by A. Cortoscelli brought up the rear.

The parade, which formed at the top of Broad Street marched down Broad to the Plaza, then up Main and Commercial into Pine, from where they counter-marched up Broad and back again to Broad and Pine where the participants disbanded. The rest of the afternoon was aken up in watching various thrilling sports, regular old-time style.

At 1:30 the Sacramento Elks Drill Team executed their difficult march on Broad Street. At 2:00 o'clock the Sacramento Turn Vereins, young men and women performed on parallel bars. From 3:00 to 4:00 the many spectators were entertained by Cornish wrestling, and boxing.

After this event came the miners tug of war and later a mucking contest. After all was over, young and old agreed that this Fourth was the grandest and most enthusiastically celebrated in the history of Nevada County.

HERE'S MAN WHO SAW FRED BREESE'S BEAR

Has Fred Breese' big bear shown up again J. T. Maxfield, who lives at the Five Mile house, was in town yesterday and said that he had seen it. He was driving along the highway on his way to work, when out stepped the big bear. Maxfield continued traveling until he was within thirty feet of the bear. The bear stood very still in a preparedness attitude. Maxfield stopped finally and backed his car away. The bear at length moved on across the road and Maxfield passed the spot on high.

Monday Maxfield saw a doe and two fawns cross in front of his car and short distance further came upon a half grown bear cub. He thought it might make a fine pet—for somebody else. These bears have been seen in the vicinity of the CCC camp at White Cloud.

In the Remington Hill district C. M. Ledshaw, state lion hunter, has recently killed three lions, thereby saving a tremendous amount of slaughter on the mountain livestock ranges.

Nevada County Coroner—Offices in Nevada City and Grass Valley

Perhaps never before in the history of the county have the people given so much thought to the caliber of the man who will hold public office as well as their proved personal attributes and capabilities that would indicate how well they would hold their respective offices after being selected. This is true of the people of Nevada county, as it is of the nation. A. H. Holmes's constructive administration of his own private affairs and business has gained him a hearty regard and the respect of his colleagues, because his career as a citizen has been helpful and conducted in a sound and business-like manner. He has been indefatigable in his efforts to give the interests of his fellow citizens the best that is in him and his policies have been so manifestly honest and above board that he has won the plaudits of all, regardless of partisanship. It is such men who merit well at election time, for the day has passed when men are selected for office as a personal favor.

AFTER THE FOURTH

After the Fourth was over,
After the day was done,
When it had passed to the Never land
With the roar of a parting gun;
Then I reviewed in silence
Its fullness of pride and noise,
And counted the losses suffered
By my own little girls and boys.

Nellie had scorched her stockings,
Mabel had singed her curls,
Playing with things unsuited
To the use of "nice" little girls;
Tommy had burned his fingers,
Willie had lost a tooth,
Lashes and brows had vanished
From the face of the baby, Ruth.

Down where the grass was dryest,
Jerry had started a fire,
Scaring his aunt Samantha
And rousing the neighbor's ire;
"What shall we do with that youngster?"
Shouted his uncle Ned,,
"Wait till I catch him," yelled daddy,
"I'll spank him and put him to bed!"

After the Fourth was over,
What did the girls and boys
Care for the pain and losses?
Remembered alone were the joys.
Ruin of clothing and tresses,
Burns from a hot toy gun;
These were as naught, as they shouted,
"Gee, didn't we have fun!"

A. MERRIAM CONNER.

EMPRESS TO INSTALL HUGE ROCK BREAKER

Under the direction of Robert L. Hathaway, construction has been started on the 200-ton mill at the Empress mine close to Grass Valley. A 29,000 pound rock breaker is to be installed near the shaft. From this, the 1½ inch rock will move by conveyor belt to a 600 ton bin (three days' supply) at the hill location; thence over vibrating screen, the fine material going to the ball mill and the coarse material to 34,000 pound crusher rolls; thence into a Hardinge conical ball mill to be crushed to 100 mesh; to Morse classifier; to conditioning tank; to 12-cell Mineral Separation flotation machine. The concentrates will pass to four Kraut cells before Dorr thickener and finally to Oliver filter for drying. It is anticipated that the plant will be ready to receive ore in 60 days.

TRANSAMERICA PLACED ON 25C DIVIDEND BASIS

Directors of Transamerica Corporation have placed the company's capital stock on an annual dividend basis of 25 cents a share with the declaration of a dividend of 12½ cents payable July 31 to stock of record July 12. The same amount was paid on January 31.

The aggregate amount of the disbursement, which will be paid to holders of 23,682,231 outstanding shares, is $2,960,279 and brings the total amount of dividends declared to date in 1934 to $5,920,519. California will receive the maximum benefit from this increase in purchasing power, as approximately 90 per cent of the total dividend accrues to residents of his state.

In announcing the July dividend, L. M. Giannini, Chairman of Transamerica's Executive Committee, said, "The current disbursement brings the total amount of dividends to stockholders of Transamerica Corporation and its predecessor to more than $113,000,000.

"While no definite figures on earnings for the half year period can be compiled at this date, recent estimates have established the fact that consolidated earnings of Transamerica Corporation and subsidiaries for the past six months have covered the dividend for the period by a substantial margin. The corporation continued to show progress during the past half-year with marked gains in profits over the corresponding period of 1933."

FORMER GOVERNOR C. C. YOUNG

C. C. Young Left $31,000,000 In State Treasury

Declaring that the California State government is insolvent, with an increasing deficit which within the present fiscal year, in the estimation of the State Controller, will amount to more than $30,000,000, former Governor C. C. Young, candidate for the Republican gubernatorial nomination, opened his Southern California campaign with a stirring address on State finances.

"If we add this $30,000,000 to the additional school expense created by recent changes in our tax system and the State's reduced tax income, this deficit may amount to the staggering sum of $111,000,000 for the next biennium," Young asserted, in comparing the $31,000,000 surplus he left in the State Treasury four years ago with the present condition of the State finances.

Excerpts from Young's address follow: "California State government cannot longer be permitted to continue insolvent. Its budget must again be balanced. We must as speedily as possible wipe out the present enormous deficit that has taken the place of the $31,000,000 surplus which I left in the State Treasury four years ago. We must even begin to build up another surplus. We must not duplicate Chicago's humiliating financial position."

Former Governor Young has already visited thirty-four counties of California in "personal contact" informal tours. He is slated to return to Northern California for additional speaking engagements in many counties during the coming month, according to the C. C. Young for Governor Northern California campaign headquarters, 714 Market St., San Francisco. His supporters report keen and enthusiastic interest in his campaign by voters throughout the state.

Miss Irma Pinaglia and Mike Visintianer of Sacramento spent a week visiting Mrs. Wodell.

PLENTY OF BLACK WIDOW SPIDERS FOUND

L. R. Robins, mining engineer, who resides in the Fleming house on Boulder street, has a grown black widow spider in a glass jar. Mr. Robins was sitting on the porch near a lot of plants and shrubbery and had been thinking of the black widows, when to his astonishment he beheld one of the spiders in his web.

WEISBAUM LEASES SNOWDEN HILL MINE

CAMPTONVILLE, July 5.—Snowden Hill mine, 9 miles north of here, owned by a group of men at Mission San Jose, of which C. T. Driscoll is trustee has been leased to Mr. G. Weisbaum, of San Francisco, and the new man expects to shortly commence operations.

The Snowden Hill property dates back to the early days when Jerry Watts took out a large quantity of fine gold from the old river channel. It was later worked by others, a Boston company, the Governor of New Hampshire owning it for some time, later an Arizona firm, and some Los Angeles people. It has been idle for several years. The property represents an old placer channel, and there is considerable virgin ground which should pay will at the new price of gold.

Mr. and Mrs. Harry E. Bolton and daughter, Miss Alberta, motored to Colfax the evening of the Fourth and greatly enjoyed a fine fireworks program, which concluded the Colfax celebration.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND
Director, Physical and Health Education
New Jersey State Department of Public Instruction

Worth Passing On

The nature of my work brings me in almost daily contact with schools and school work, and so naturally I pick up many ideas which seem worthy of passing on.

One high school is collecting old lawn and beach lounging chairs in the community. The boys repair the frames and the girls mend the canvas. The chairs are then placed on the playground during the warm, sunny days of autumn and spring. At first, they were assigned to students selected by the school physician as undernourished, fatigue cases, and others excused from physical activity. But now other students take daily sun baths while studying or passing a social hour.

Many school nurses hold regular monthly meetings for parents when the health needs of children are discussed.

Tuberculin testing is on the increase; likewise immunization for diphtheria.

The old-fashioned final written examination is gradually passing out of the picture.

The selling of candy at school is being frowned upon.

The tide of protest against home work is rising.

Dr. Ireland will discuss the after-school luncheon in his next article.
